PROPERTY SURVEY FOR
AMY BEYNON
SECTION 34, TOWNSHIP 3 SOUTH, RANGE 6 WEST
UINTAH SPECIAL BASE AND MERIDIAN

SCALE: 1"=300'

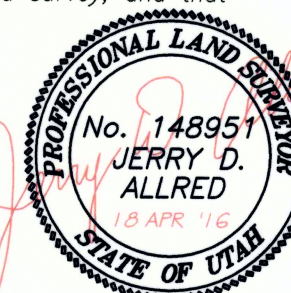

NARRATIVE

This survey was performed at the request of Amy Beynon for the purpose of locating the boundary lines of Lot 4 of Meadow Estates Subdivision and identifying the position of the existing driveway and a soil exploration hole in relationship with the boundary lines. The original subdivision plat as re-recorded in 1999 was used as reference and calculations for a search of original lot corners. Several monuments marking the lot corners set on previous surveys were found and used to control the location of the missing lot corners. The monuments marking the Public Land Survey System corners were found and noted on the plat and used to define the location of the aliquot part lines of the section.

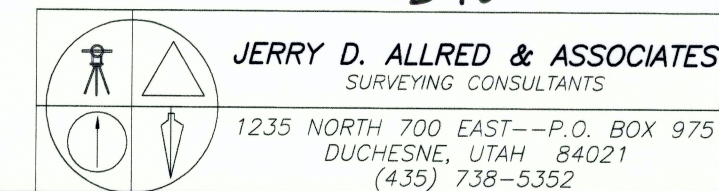

SURVEYOR'S CERTIFICATE

This is to certify that this plat was prepared from the field notes and electronic data collector files of an actual survey made by me, or under my personal supervision, of the parcel of land shown hereon, and that the monuments indicated were found or set during said survey, and that this plat accurately represents said survey to the best of my knowledge.

Jerry D. Allred, Professional Land Surveyor,
Certificate 148951 (Utah)
